July 2020 Issue

To Our Church Families,

As I hope you are aware, a Worship Committee was created to develop a recommendation to the Diaconate that would outline how the church should proceed regarding in person worship services. Their discussions focused on several factors to determine what would be the best course of action at this point. These included:

- CDC and State Guidelines
- Current North Carolina Virus Trends
- Member Input

In addition, the group felt it important that our plan take in to account that many of our members suffer chronic health conditions. Therefore, it must provide for measures that would permit these members to return to worship in a safe manner.

When we asked each Deacon to reach out to their church families, our purpose was to learn how our membership felt about returning to in person worship. What we learned from responses was that most families felt it was too early to return to our Sanctuary in June. In addition, we recognized just how many of our members have health conditions that would prevent them from returning unless certain protective measures are taken. At the same time, we also heard from members that wanted the fellowship of gathering to worship and wanted a return as soon as possible.

After taking all these factors into consideration, the Diaconate unanimously approved that the following suggestions from the Committee be adopted.

- Continue online worship for the month of June
- Our Church goal will be to return to in person worship in July. When we return, protective measures will be required that protect our most vulnerable members. Details will be shared later this month.
- During the month of June, an informal outdoor service will be conducted each Sunday morning at 9:30am. (Picnic Area/Playground)

Please note that we will continue to monitor conditions and will consider revisions if circumstances warrant. As always, thank you for your commitment to our Church and your church family.

In Christ's Love,
Neil Emory, Deacon Chair
